EDUCATION

Bachelor's of Technology in Computer Science

CMR University , Bangalore

11/2021 - 06/2025

8.42 CGPA

Secondary School

MCKV

03/2018 - 03/2019

96%

WORK EXPERIENCE

Full Stack Developer Intern

Sportzpod

09/2024 - Present

A platform that enhances global sports enjoyment by connecting fans through real-time scores and interactive features.

Achievements/Tasks

- **Increased data fetching efficiency by 30%** through optimized API integrations in collaboration with backend teams.
- Migrated the user **state management system to Redux from Context API**, streamlining data flow and improving scalability.
- Transitioned the website from Passport strategy-based authentication to **JWT-based authentication**.
- Implemented a **"Forgot Password" feature**, enhancing user experience and security by providing a seamless password recovery process.
- Engineered a responsive News page frontend with React and Tailwind.

ACHIEVEMENTS

ISS

India Sustainability Startathon 2023: SDG 11 Challenge Semifinalist.

LeetCode

Solved 450+ problems, demonstrating strong problem-solving skills and proficiency in DSA . Contest Rating of 1517

Global Open Innovation Challenge, CAUSE 2023

Honored with the 'Spirit of Innovation' award for solutions enhancing blue-collar job employment.

SKILLS

Java

React

Javascript

HTML

PROJECTS

SolveHive: Problem-Solving Platform

(08/2024 - Present) [🔗](#)

- Developed secure **user authentication with JWT** for seamless login and session management.
- **Integrated AI-generated solution suggestions** using Gemini AI API to enhance problem-solving.
- Built a **dynamic upvoting/downvoting and search feature** to improve user engagement and content discovery.
- Tech Stack - React , Tailwind CSS , Node JS , Express , MongoDB
- **Github** [🔗](#)

New Tab Notes Extension (07/2024 - 08/2024) [🔗](#)

- Designed a Chrome Extension that transforms the new tab into an efficient note-taking tool.
- Implemented **auto-save functionality to ensure 100% data retention** with zero manual input.
- Enabled users to **download notes as text files** with a single click, enhancing offline accessibility.
- Tech Stack - Javascript , HTML , CSS
- **Github** [🔗](#)

Simon Says Game (07/2024) [🔗](#)

- Developed a Simon Says game that boosts memory by challenging **players to replicate color sequences**.
- Implemented a user-friendly interface and **max. score tracking** to improve player engagement and experience.
